Become an official Adcore partner & earn from every customer you send our way.

Our competitive payouts are amongst the highest in the industry.

Our official partners are rewarded every time a lead they referred becomes an Adcore client.

## Partner Program - Commission Table

Adcore believes in rewarding our partners with high commission rates. The more clients you refer the higher your commission will be.

Total Number of Referral Clients	1 - 3	4 - 6	7 and up
Recurring Commission Rates	10%	12.5%	15%

All Adcore partners will enter the program with a base commission of **10%** of the sales generated by clients referred to us.

As a partner you can make as many referrals as you wish without a cap.

## Adcore's Two Tier partner Program

Adcore also offers a two-tier partner program.. The first commission tier is the same as in the regular partner program, and under the additional second tier, partners can earn a **5%** commission of the sales generated from partners they referred to the program.
